

LENNOX

The XP20 keeps you cool and comfortable with

FOCUSED EFFICIENCY

ELITE[®]
SERIES

XP20 | HIGH-EFFICIENCY HEAT PUMP
WITH TRUE VARIABLE CAPACITY

Smart energy use and powerful performance

LENNOX
ELITE

PRECISE COMFORT

The XP20's variable-capacity operation constantly adjusts cooling in your home, perfectly balancing your energy use with your comfort needs. This also helps to control humidity with exacting precision.

72°

COMFORT INNOVATIONS

VARIABLE-CAPACITY OPERATION

Adjusts cooling and heating output in small increments to make you feel comfortable and in control while helping to minimize your energy costs. This also helps control humidity, all while running quieter.

ICOMFORT®-ENABLED

Working with the iComfort® S30 ultra smart thermostat, the XP20 adapts cooling settings to match your family's routine.

CONSTANT EFFICIENCY

With efficiencies of up to 20.00 SEER and 10.00 HSPF*, the XP20 can help save you hundreds of dollars per year in energy bills, compared to an older heat pump.

EFFICIENCY INNOVATIONS

DUAL-FUEL-COMPATIBLE

When the XP20 is installed with a compatible Elite® furnace, it creates a heating system that can switch back and forth between electricity and gas automatically, based on whichever is most cost-efficient for the weather conditions at the time.

HIGH-EFFICIENCY OUTDOOR COIL

Provides exceptional heat transfer and low air resistance for high-efficiency operation.

ADDITIONAL SAVINGS

The XP20 can potentially qualify you for local utility rebates and other energy incentives. See your Lennox Dealer for details.

**Most Efficient
2017**
www.energystar.gov

The XP20 has earned the ENERGY STAR® Most Efficient 2017 label, which means it is recognized as one of the most efficient products that qualify for ENERGY STAR.

PERFECTLY QUIET

As quiet as it is efficient, the XP20 is designed with smart features that keep operating sounds at a comfortable level.

QUIET INNOVATIONS

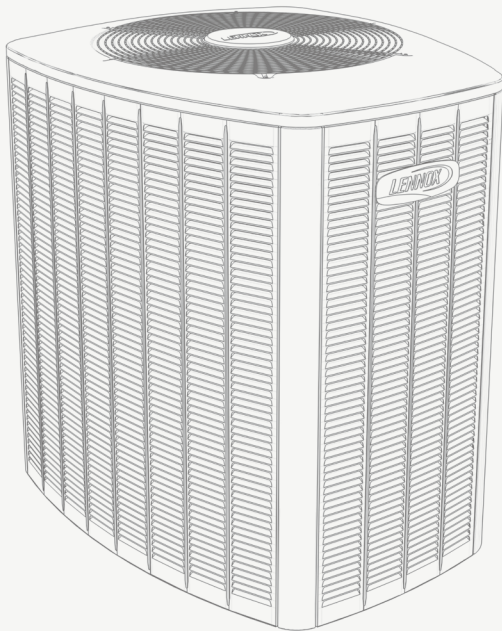

PRECISION-BALANCED, DIRECT-DRIVE FAN

A variable-speed fan with swept-wing blade design offers energy savings and quiet operation.

SOUND-ABSORBING INSULATION

Reduces noise for even quieter operation.

RUGGEDLY RELIABLE

Lab tested to ensure it can perform in harsh conditions, the XP20 reflects our commitment to keeping you comfortable for years to come.

WARRANTY

WITH PRODUCT
REGISTRATION

PEACE-OF-MIND PROTECTION

The XP20 comes with a 10-year limited warranty on the compressor and a 5-year limited warranty on all remaining covered components.**

*The cooling efficiency rating for heat pumps is Seasonal Energy Efficiency Ratio, or SEER. The heating rating is Heating Seasonal Performance Factor, or HSPF. The higher the SEER and HSPF, the better the energy performance, and the more you save.

**Covered components may be eligible to receive a 10-year limited warranty. Online equipment registration at www.lennoxregistration.com is required within 60 days of installation (except in California and Quebec) or Lennox' base warranty will apply. Applies to residential applications only. See actual warranty certificate for details.

Note: Due to Lennox' ongoing commitment to quality, specifications and ratings are subject to change without notice.

Innovation never felt so good.®

COMFORTING INNOVATION

Built to deliver outstanding efficiency and incredible comfort

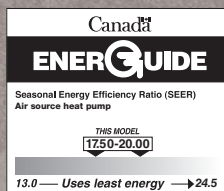

BUILD AN ELITE® SYSTEM

The XP20 works with a matched Lennox® indoor unit and an iComfort® thermostat to provide perfectly comfortable and efficient heating and cooling for your home. Impressive features. Stunning capabilities. Outstanding efficiency. That's Elite.

FINANCING YOUR COMFORT

Enjoy more comfort and purchasing power. Take advantage of flexible financing options that allow you to enjoy the innovation, precision and efficiency of Lennox on your terms.*

*Subject to credit approval. Minimum monthly payments required. See your Lennox Dealer for details.
