## SIMPLE CONTROL

### Take control of your comfort.

We believe breakthroughs should be a breeze to operate. The Infinity® Touch Control monitors and adjusts temperature, humidity and air circulation to optimize comfort and energy efficiency. And you can easily take control to suit your immediate comfort needs with just a touch.

- Large touch-buttons
- At-a-glance icons

## BUDGET CONTROL

### Take control of your energy usage.

Real-time access to your system's energy usage. Features like Smart Setback that gradually brings comfort levels back before you return home. Giving homeowners more money-saving capabilities than ever before.

- o Energy-saving features keep comfort and budget in harmony.

## MOBILE CONTROL†

Take control of where you take control.

Carrier offers you the added touch of full access to your home's comfort settings conveniently via the Internet through your mobile, tablet and desktop devices.† So if you extend your vacation, you can extend your vacation mode.

# 3 WAYS<sup>o</sup>

YOU CAN TAKE CONTROL OF  
YOUR COMFORT  
AND ENERGY SAVINGS.

When installed as part of a complete Infinity<sup>®</sup> system, the Infinity Touch Control lets you be as hands-on with your home's comfort settings as you are comfortable with.

Enjoy total control over temperature, humidity and air circulation. And with real-time energy tracking, you can even manage the cost of it all. Or simply set the control to automatically adjust to the optimum levels of comfort and efficiency. So you can enjoy energy savings without sacrificing comfort.
