TRU-VIEW-XL

Amantii's Panorama Series TRU-VIEW 3 sided fireplaces are a true innovation! The stunning flame presentation and unique media options can now be viewed from almost any angle. Four installation options: 3 sides open, left side open, right side open, both sides 'closed'. Designed for building materials to finish right to glass.

Available in 50", 60" and 72" width models, you'll find a unit that is perfect for any space inside or out. Boasting a depth of 14 1/4", the TRU-VIEW-XL features two flame sets, ambient canopy lighting in 13 colors and three color LED light strips allowing for a multicolor flame presentation. With just a click of the remote control, choose from blue, rose, violet, yellow or orange colored flames. Customize the appearance of the TRU-VIEW further by utilizing the included Designer Media Kit with Deluxe 11 piece log set, pebbles, black glass and ICE media. Further media options available for additional purchase.
