Altitude™ X Series

It's time for a new era of Traditional gas fireplaces. Based on extensive research, customer and consumer feedback, we are pleased to introduce the first two models in our new Traditional Platform with the ultimate goal of making Napoleon the easy choice to sell. The Altitude™ X series includes both a 36" and 42" fireplace with the line logic that you've been asking for. So not only will these fireplaces impress on display in your store but you can rest assured that guiding your customer through the generous offering of premium accessories will be a seamless process and help close the sale.

Competitive Advantages:

- Low enclosure height allows more flexible installation options
- A true 4" deep TV recess - frame with combustibles and still allow for 3/4 plywood backer for robust tv mount
- Electrical and a/v cables can pass through the enclosure
- Heat management option
- Adjustable finishing flange, allows for clean finish on various finishing material depths
- Zero clearance to the side of the fireplace, no non-combustible required
